

POLS 503: Advanced Quantitative Political
Methodology: The Notes

Jeffrey B. Arnold

2016-05-25

Contents

1	Introduction	5
2	Linear Regression and the Ordinary Least Squares (OLS) Estimator	7
3	OLS Inference	9
4	Omitted Variable Bias and Measurement Error	11
5	Collinearity and Multicollinearity	13
6	Functional Form and Non-linearity	15
7	Non-constant Variances and Correlated Errors	17
8	Weighting in Regression	19
9	Interpreting Regression Coefficients	21
10	Regression Diagnostics	23
11	Resampling Methods	25
12	Panel (Longitudinal) Data	27
13	Appendix	29
14	References	31

Chapter 1

Introduction

Chapter 2

Linear Regression and the Ordinary Least Squares (OLS) Estimator

Chapter 3

OLS Inference

Chapter 4

Omitted Variable Bias and Measurement Error

Chapter 5

Collinearity and Multicollinearity

Chapter 6

Functional Form and Non-linearity

Chapter 7

Non-constant Variances and Correlated Errors

Chapter 8

Weighting in Regression

Chapter 9

Interpreting Regression Coefficients

Chapter 10

Regression Diagnostics

Chapter 11

Resampling Methods

Chapter 12

Panel (Longitudinal) Data

Chapter 13

Appendix

Chapter 14
